

Centering Healthcare Institute presents its

## 3<sup>rd</sup> National Conference on Group Care

San Antonio TX, February 7-9, 2010

The Power of Connection: Leadership for Healthcare Innovation

### A Special Opportunity for Sponsors

**We invite you to register your support  
of healthcare reform and innovation!**

The 3<sup>rd</sup> National Conference of the Centering Healthcare Institute will consider issues of healthcare reform and the role of group care in improving healthcare delivery.

*The 200 plus attendees, from all across the United States, will represent a wide diversity of professionals including physician specialists and generalists, nurse practitioners and midwives, nurses, administrators, insurance experts, educators, researchers and policy makers.*

Centering Healthcare Institute, Inc. is a nationally recognized leader in group care and healthcare reform.

**Comments from our 2008 Conference**

*Truly inspiring. As a medical student – this is deeply impacting my thinking about the type of doctor I want to be and quality of care I want to provide. These were interests I have always had but how affirming to know what a supportive and structured community exists.*

*I wish I could have been in 2 or 3 places at the same time.*

*Excellent – can't wait to come back!*

*Very, very good – good for professional life and very good for personal life.*

*Very good information presented on the need for change in our practices.*
