A Centering Pathway Designed for You

Centering Healthcare Institute draws on a deep well of experience supporting hundreds of practices across the country. Our consulting services will help you navigate the practice-wide transformation as you build the infrastructure to support a successful and sustainable Centering practice. After assessing your needs and readiness, a Centering advisor will work with you to craft a customized implementation plan.

A CHI advisor is your expert partner, providing implementation support and one on one tailored consultation services throughout the process.

Your Partner In Healthcare Transformation
