

# Department of Medicaid

Mike DeWine, Governor Jon Husted, Lt. Governor Maureen M. Corcoran, Director

#### Medicaid Transmittal Letter No. 3336-21-14

- DATE: December 22, 2021
  - TO: Eligible Non-Institutional Medicaid Providers
     Eligible Providers of Federally Qualified Health Center (FQHC), Rural Health
     Clinic (RHC), and Outpatient Health Facility (OHF) Services
     Chief Executive Officers, Managed Care Plans
     Directors, County Departments of Job and Family Services
- FROM: Maureen M. Corcoran, Medicaid Director
- SUBJECT: Coverage and Payment of Group Pregnancy Education and Nurse Home Visiting Services

## Coverage of Group Pregnancy Education and Nurse Home Visiting Services

Ohio Administrative Code (OAC) rule 5160-21-04, "Reproductive health services: pregnancyrelated services," and 5160-21-05 "Nurse home visiting services" set forth the coverage and payment provisions for group pregnancy education and nurse home visiting services.

Rule 5160-21-04 has been amended to revise coverage for group pregnancy education services. This revised rule streamlines language to allow practitioners more flexibility in providing group pregnancy education services using an evidence-based or evidence-informed curriculum.

New rule 5160-21-05 has been established to set forth coverage and payment provisions for nurse home visiting services. Coverage of nurse home visiting services is intended to provide patient-centered care to women experiencing medically complex conditions which put them at high risk for pre-term birth.

These services are part of ODM's Maternal and Infant Support Program (MISP) intended to narrow Ohio's racial disparity in infant and maternal deaths and lower Ohio's overall infant mortality rate.

## Payment of Group Pregnancy Education and Nurse Home Visiting Services

The provisions for group pregnancy education are outlined in rule 5160-21-04 "Reproductive health services: pregnancy-related services." Providers must utilize culturally sensitive communication and facilitate family-centered collaboration and support for all group pregnancy education services. Each session of group pregnancy education can consist of groups ranging from two to twenty individuals (not including family or support persons). Group pregnancy education must be provided using an evidence-based or evidence-informed curriculum and cover subjects related to pregnancy, including but not limited to, childbirth preparation, childbirth refresher, nutrition, parenting, and infant safety. These services can be rendered by physicians, physician assistants and advanced practice registered nurses. Other qualified staff may perform group pregnancy education services when they are billed to ODM by a supervising practitioner.

50 W. Town Street, Suite 400 Columbus, Ohio 43215 medicaid.ohio.gov

#### Evidence-Informed Group Pregnancy Education

Evidence-informed group pregnancy education covers subjects related to pregnancy education provided under a curriculum or program that was developed from field-based research that indicates a positive correlation with improved birth outcomes.

Evidence-informed group pregnancy education may be billed to ODM using an appropriate Health Care Procedure Coding System (HCPCS) procedure code per session. Individuals may attend up to twelve sessions per pregnancy. Additional sessions may be requested with prior authorization. Each session must consist of at least one hour of class time. Sessions can occur in any outpatient place of service. Professional reimbursement rates are located in the Medicine, Surgery, Radiology and Imaging, and Additional Procedures (MSRIAP) fee schedule also known as appendix DD (<u>Schedules and Rates | Medicaid (ohio.gov</u>)). Services performed in an outpatient hospital setting are subject to Enhanced Ambulatory Patient Grouper (EAPG) pricing. Because group pregnancy education services do not meet the criteria for a face-to-face visit, Federally Qualified Health Centers (FQHCs) or Rural Health Clinics (RHC) rendering group pregnancy education services may instead submit claims to ODM using their ambulatory health care clinic provider number (provider type 50). The fee-for-service payment amounts for group pregnancy education services are listed in appendix DD of rule 5160-1-60.

#### Evidence-Based Group Pregnancy Education

Evidence-Based group pregnancy education should use evidence-based resources to develop an educational curriculum that includes proven, science-based evidence on what is effective. This curriculum or program should include strategies to help women adopt healthy habits and get health care before and during pregnancy that can help prevent pregnancy complications and improve maternal and infant health outcomes. Evidence-based group pregnancy education should also include additional components of prenatal care including pregnancy risk assessment and support.

Evidence-based group pregnancy education services may be billed to ODM using Common Procedural Terminology (CPT) code 99078 "group health education" with a TH modifier and an appropriate evaluation and management (E&M) code (CPT 99211-99213) with a TH modifier. The services for both the 99078 code and an appropriate E&M code must be performed and billed on the same date of service. Individuals may attend ten pregnancy education sessions per pregnancy and each session should consist of at least one and a half hours. 99078 + TH is reimbursed at \$45 per session. An additional payment will be made in accordance with Appendix DD for the appropriate level of E&M performed. Services performed in an outpatient hospital setting are subject to EAPG pricing. Because group pregnancy education services do not meet the criteria for a face-to-face visit, FQHCs and RHCs rendering group pregnancy education services may instead submit claims to ODM using their ambulatory health care clinic provider number (provider type 50). The fee-for-service payment amounts for group pregnancy education services are listed in Appendix DD of rule 5160-1-60.

\*Other qualified practitioners may render this service when billed through an appropriate supervising practitioner.

## Nurse Home Visiting

ODM's coverage of nurse home visiting has been constructed to provide a reimbursement mechanism for the Nurse Family Partnership (NFP). OAC rule 5160-21-05 "Nurse Home Visiting," outlines coverage and payment for nurse home visiting services for women at risk for pre-term birth complications due to asthma, diabetes, cardiovascular disease, substance use disorder or previous history of pre-term birth. These in-home services can be provided by a registered nurse or advanced practice registered nurse as ordered by a physician. To bill for the service, the nurse must be enrolled with Ohio Medicaid under a nurse home visiting specialty, which can be obtained by demonstrating proof of certification in the Nurse Family Partnership program. A new provider type specialty '386-nurse home visitor' has been developed to allow practitioners who provide a letter of verification and who are affiliated with a clinic, federally qualified health center, rural health center or a professional medical group to bill HCPCS code H1005 (prenatal care, at-risk service pack) for payment of nurse home visiting services. Individuals may receive up to thirty medically necessary home visits. Each visit must be at least one hour. H1005 is reimbursed at \$164.00 per visit. All nurse home visiting services should be billed on a professional claim.

Nurse home visiting (NHV) services furnished by an FQHC or RHC are paid under the Prospective Payment System (PPS). FQHCs and RHCs should submit claims for NHV services under the PPS using T1015 with a U1 modifier along with the appropriate procedure codes. Payment is made at the FQHC or RHC's pre-established per visit payment amount.

Professional Claim Submission for Nurse Home Visiting Services         Billing provider type       Providers of Professional Services	
Procedure code	» H1005
Modifier	<ul> <li>» TH modifier is required on claims when the recipient is age 3-99</li> <li>» No modifier is required on claims when the recipient is age 0-2</li> </ul>
Diagnosis	» Must include a diagnosis of asthma, diabetes, cardiovascular disease, substance use disorder, or history of preterm birth. (see attached list of appropriate diagnosis codes)
<b>Rendering Provider</b> (MITSProvider Type)	<ul> <li>» Advanced Practice RegisteredNurses:</li> <li>• Clinical Nurse Specialist(65/386)</li> <li>• Certified Nurse Midwife(71/386)</li> <li>• Certified Nurse Practitioner(72/386)</li> <li>» Registered Nurses (38/386)</li> </ul>

The changes included in OAC rules 5160-21-04 and 5160-21-05 take effect January 1, 2022.

# Additional Information

Below is list of the current diagnosis codes for submission of claims for nurse home visiting services.

Information about the services and programs of the Ohio Department of Medicaid may be accessed through the main webpage at <u>http://www.medicaid.ohio.gov</u>.

ODM's coordination of benefits regulations in OAC rule 5160-1-8 apply to MISP services.

The Medicaid managed care organizations (MCOs) may have specific claim submission requirements that differ from the requirements for Medicaid fee-for-service claim submission

through the MITS provider portal. Questions about MCO claim submission requirements should be directed to the MCOs.

# Questions

Questions pertaining to this MAL may be directed to the Ohio Department of Medicaid.
